

## Grade Level of the Handbook Activities

Activity	#	K	1	2	3	4	5	6	7	8	HS Biol	HS Env Sci
Barrier Islands	1-1											
Where is the B-T Estuary?	1-2											
Habitat Lap Sit	1-3											
Wetlands in a Pan	1-4											
We Are Losing Our Wetlands	1-5											
Wetland Metaphors	1-6											
Estuary Ecosystems	1-7											
Wetland ECO-Bingo	1-8											
Wetland Field Trip	1-9											
Coastal Erosion: Making Sense ...I	1-10											
Demonstrating Destruction	1-11											
Investigating Habitat Change	1-12											
Issue Analysis & Decision Making	1-13											
Coastal Wetlands Needs YOU!	1-14											
The Tragedy of Isles Dernieres	1-15											
A Bayou Journey in 1880	1-16											
The Great Marsh Dilemma	1-17											
The Story of a Blue Crab	2-1											
Dress a Beaver	2-2											
Cajun Creole Meal	2-3											
Wetland Webs	2-4											
Marsh Food Web ... Game	2-5											
Wetlands Loss = Fisheries Loss	2-6											
Nutria: Nutrition or Nuisance?	2-7											
Trading Spaces	2-8											
What is Freshwater?	3-1											
The Ideal Filter	3-2											
The Hurricane's Coming	3-3											
Keep It Above Board	3-4											
Exploring the B-T Watershed	3-5											
Watershed Drainage...	3-6											
Nutrients: Nitrogen Cycle	3-7											
Nutrients: Phosphorus Cycle	3-8											
The Effect of NO <sub>3</sub> on Plant Growth	3-9											
Measuring the Bayou's Vital Signs	3-10											
Swamp Sweep	3-11											
A Song on the Bayou	4-1											
Ask an Expert	4-2											
Weaving Our Wetland Economic	5-1											
Wetland Promotions	5-2
